

Bohr Diagrams of Ions

Draw Bohr Diagrams of the following ions. Make sure you include:

- The ionic charge
- Electrons in the energy shells
- The Chemical Symbol

| | | | |
|---------|-----------|--------|----------|
| Lithium | Magnesium | Oxygen | Chlorine |
|---------|-----------|--------|----------|

Draw Bohr diagrams for the following ionic compounds

| | |
|-------------------|------------------|
| LiCl | MgO |
| MgCl ₂ | H ₂ S |

Draw Bohr Diagrams for the following covalent compounds
